The Texas Supreme Court created the Texas Access to Justice Foundation in 1984 to administer funding for civil legal aid for poor Texans. The Foundation is committed to the vision that all Texans will have equal access to justice, regardless of their income. Today, the Foundation is the largest source of funding for civil legal aid, providing the funding to assist more than 100,000 poor Texans each year in attaining access to the civil justice system. But now—more than ever—the Foundation needs our help. With an increasing population of poor Texans and declining funding, it is up to us to help the Foundation preserve the vision of equal access to Texas justice. Please join Uniting Students of Dallas in supporting the critical work of the Texas Access to Justice Foundation.
